RESTAURANTS: Bacco adds catering van

Southfield restaurant Bacco Ristorante has expanded its business by adding a mobile catering service. A 20-foot-long Mercedes-Benz Sprinter van has been custom-designed to fulfill catering needs.

The kitchen-on-wheels is complete with work tables, assembly space, refrigeration and climate-controlled areas, which enables all of Bacco's foods to be served on-site at corporate events and large parties. For more information, e-mail owner Luciano Del Signore at luciano@baccoristorante.com.
